

Defensive Driving

Course Overview:

Defensive Driving is about understanding driver errors and staying safe despite those actions. This is not a course to teach you how to drive or to preach about your faults and improve you. This is a course designed to help you explore dangerous situations and discuss how to deal with those situations and stay safe. And maybe along the way, you will think about some of your own habits (we all have room to improve), but we'll leave that up to you.
