

# Workplace Inspections

## Course Overview:

*Workplace Inspections* is a five-module course designed to provide participants with a detailed understanding of the workplace inspection process.

## Who Should Take the Course?

This course is designed for all employers, managers, and supervisors that are concerned with workplace safety.

## Course Objectives:

Ultimately, the objective of Workplace Inspections is to provide a knowledge base and assist employers in recognizing the importance of workplace inspections in their organization's overall health and safety.

## This course is presented in 5 modules:

1. The Purpose of Workplace Inspections
2. Establishing Procedures for Workplace Inspections
3. Preparing for Workplace Inspections
4. Conducting the Inspection
5. Reporting and Follow-up

## Evaluation Process:

At the end of each module, there is a test. Participants must successfully complete the test before continuing to the next module. Participants that do not achieve 100% can review the module content and try as many times as necessary to advance and complete the course. Test questions are randomly selected from a test bank, making each test unique.

*Upon successfully completing all modules, there is a printable certificate for your records.*

## Course Duration:

This online course is self-paced. Participants may leave the course at anytime and can resume where they left off. The duration will depend on the individual participant and their prior knowledge of the subject matter. On average, the course will take between 3 - 5 hours to complete.
